29 April 1953

-
3. Enclosure (1) bears date of 17 March 1953 and indicates subject vessel is under voyage charter to the Bunge Co. of New York City.
 4. Subject vessel lifted 5,533 long tons of rice at Lake Charles and cleared that port on 12 April 1953; entering Houston, Texas 13 April 1953. At Houston, 3,431.5 long tons rice was lifted and vessel cleared port 15 April 1953 for Pusan, Korea to discharge cargo to the South Korean Government.
 5. Enclosure (2) was checked against DIO 8ND files and revealed that SPYROS CHRISTOFORATOS (No. 13) and Athanasios SARDIS (No. 18) are identified in reference (b) as having possible O.E.N.O. or Communist connections. The crew of this vessel caused no trouble, nor were any untoward incidents noted during vessel's stay in EIGHTH Naval District ports.
 6. The only evidence of bonus mentioned in reference (a) was that for laytime saved re charter agreement. The feasibility of subject vessel entering port of Lake Charles by 1200 hours 6 April 1953 was considered physically impossible; the time in transit from Baltimore to Lake Charles being approximately 7 days for a 10 knot liberty ship such as subject vessel. Leaving Baltimore on 2 April 1953, subject vessel could not have conceivably entered the port of Lake Charles earlier than 9 April 1953.
 7. With the exception of crew members mentioned in paragraph five of this report, DIO 8ND representatives found no irregularities to support suspicions outlined in reference (a).
